**FOSSELS FOUND.**

OTTAWA, Sept. 18.—T. C. Weston is in  
high spirits over the fossils found by him in  
his recent exploration trip to the Northwest.  
They will shortly be compared with the re-  
mains found in Nova Scotia.

**BANK FAILED.**

MONTREAL, Sept. 18.—The Exchange  
Bank failed yesterday, but the collapse creates  
but little excitement as it was looked for for  
some time. The C. P. R.'s agents have been  
notified to take none of the bills.

**DROWNED.**

MONTREAL, Sept. 18.—Joseph Ferras and  
B. Vigor were drowned in the St. Lawrence  
while attempting to cross in a small boat.  
Charles Hattison of his life by clinging to  
the boat.

**WON'T UNITE.**

LONDON, Sept. 18.—The Bible Christians  
of London will refuse to enter the Methodist  
Union.

**A DENIAL.**

WINNIPEG, Sept. 18.—Secretary Bliss, of  
Brandon Rifle Club, writes to one of the  
Winnipeg papers denying that an inten-  
tional slight was done the Winnipeg Rifle-  
men by their not being invited to take part in  
the recent matches in that city.

**THE CUTTING OF RAILS POSTPONED.**

MONTREAL, Sept. 18.—The Grand Trunk  
has consented to postpone its intention of  
cutting Eastern rates, and in the meantime  
efforts are being made to patch up a peace.

**PURCHASE OF THE SOUTH EAST-  
ERN ABANDONED.**

All hope has been abandoned for the suc-  
cessful negotiations for the sale of the South  
Eastern Road to the Chapman Syndicate.

**TO BE PURCHASED.**

WINNIPEG, Sept. 18.—Negotiations for  
the sale of Cochrane's corner in this city to an  
English syndicate are well advanced to com-  
pletion.

**KILLED.**

NIAGARA, Sept. 18.—A boy named Mathe-  
son was killed in a melee at Niagara Falls  
yesterday by an Italian.

**NEW STEAMER.**

WINNIPEG, Sept. 18.—One of the new  
C. P. R. steamers for Lake Superior service  
arrived at Montreal.

**RITUALISM.**

MONTREAL, Sept. 18.—In the Church of  
England at Montreal, Bishop Magara  
introduced a memorial against ritualistic prac-  
tices, and invited the synod to devise a can-  
non against excessive ritualistic and illegal  
practices. After a debate the memorial was  
accepted.

**A MURDEROUS ASSAULT.**

WINNIPEG, Sept. 18.—Wm. Hawkins is a  
constable at St. Boniface. On Sunday night  
Hawkins entered Fogarty's hotel in that  
town and asked if a certain man was stopping  
there, when Mr. Fogarty told him he was not.  
Hawkins slipped on a pair of heavy  
knuckle dusters and gave him several terrible  
blows in the face; four teeth were knocked  
out, his face is badly cut, and both eyes were  
almost knocked into his head. Fogarty's  
cries for assistance were heard by several  
boarders in the hotel, who at once came to  
his relief. Fogarty at once swore out an in-  
formation against Hawkins, and he was ar-  
rested. He was afterwards liberated by the  
Magistrate of the town, and upon regaining  
his liberty swore out an information against  
Fogarty for using obscene language to him.  
This case was tried yesterday morning, and  
was dismissed without witnesses being called.  
In the Provincial court to-day, Hawkins is  
being tried for doing grievously bodily harm  
to Fogarty and also for pointing a revolver at  
him and threatening to shoot. Fogarty says  
that he gave Hawkins no provocation, and  
thinks he was crazed by drink.

**Stealing a Watch.**

Willie Wilson, a little boy who has been  
living with his uncle on Jennings street, was  
before Col. Peabody in the police court this  
morning, charged with stealing a watch and  
a sum of money from James McDowell. The  
boy's parents reside at Brandon and will  
arrive here this evening, to be present when  
the case comes up to-morrow. Officer Wil-  
son had considerable difficulty in arresting  
the little fellow at his uncle's residence. As  
he climbed on top of the house, and as the  
officer followed him, he jumped to the ground,  
a distance of some twenty feet. He was  
finally arrested, however, and placed in  
the cooler. The watch was found on his  
person, and the money buried in the ground  
near the house. He is only seven years of  
age, and has never asked a far since his ar-  
rest. — Winnipeg Times.

**What Became of It.**

Last evening when the order of reading  
by-laws was reached in the city council, it  
was moved that the by-law granting \$50,000  
to the Rapid City Central railway be read a  
third and last time and finally passed, but  
when the city clerk went to produce the by-  
law it was found missing, and prolonged  
search failed to disclose its whereabouts. The  
disappearance of the paper is a mystery, and  
those concerned are at a loss to account for it.  
It is not difficult to presume many things,  
but it is mighty hard to prove the presump-  
tions.

**Little Links.**

From Red River to the Rocky  
Ranges.

In Morris they grow radishes as large as  
turnips.

There is a camp of half-breed traders  
about a mile from Moose Jaw. They say  
there has not been such a season for drought  
in this region as the present one for fourteen  
years.

Mr. F. Irwin, of Minneapolis, secured the  
contract for the erection of Mr. W. P. John-  
stone's residence, at Salt Lake, and has gone  
out with his assistants to commence work.  
The building is to be completed in six  
weeks.

The total assessment of the municipality  
of Minneapolis for the present year is as fol-  
lows: West ward, \$728,432; centre ward,  
\$412,900; east ward, \$372,445. Total,  
\$1,513,777.

Mr. Rosch of Hamilton, Ont., is about to  
start a small cattle ranch a few miles out of  
Minneapolis. He is having stables erected and  
proposes to carry a large amount of stock. A  
herd of twenty-two head of cattle will arrive  
from Ontario for him in a few days. Mr.  
Rosch's father is an extensive cattle raiser  
near Hamilton, and he is coming up to see  
his son settled down in his new home.

### The Line to be Deflected from

Rapid City.

A special meeting of the Council was held  
this morning to finally pass the Rapid City  
Central Railway by-law. A new by-law was  
drawn up by the city solicitor in lieu of the  
original one which had been mislaid, and  
passed in due order. The new by-law con-  
tains some important changes. Instead of  
going to Rapid City the line deflects from  
that village and runs south-west into the Oak  
River country, crossing the Little Saskatche-  
wan River at a stated point. The sum of  
\$20,000 is to be paid to the company when  
the line is graded to the Little Saskatchewan,  
and the balance when it is graded fifty miles.  
The name of the line will also be changed by  
agreement, in such a way that the word Bran-  
don will appear in the title. The by-law  
will be submitted to the people as soon as  
proper notice has been given.

**NEW REGISTRY OFFICE.**

An Aldermanic Dispute over  
the Site for the Building.

It was moved by Alderman Sitou, and  
seconded by Ald. Evans, at the council meet-  
ing last evening that J. D. Bowley's tender  
be accepted for the erection of the new regis-  
try office, and that the chairman of the  
Board of Works be instructed to have the  
contract drawn up, and the building started  
at once; and that the location be on the lot  
east of the fire hall, facing Princess-ave.

Ald. Pilling objected. He asked that the  
matter be left in abeyance in order to ascer-  
tain if a suitable site could not be procured  
in the vicinity of 9th or 10th streets. He  
only objected in the interests of the ratepay-  
ers, as they thought that the building should  
be in the centre of the city, and the site on  
Princess-ave. was not a convenient one.

Ald. Sitou said he had the notion be-  
cause the city owned the lot, which was 20x  
50 feet and he thought it would be ridiculous  
to purchase another lot at the present condi-  
tion of the city's financial standing. One  
or two blocks would not make  
any difference, and it was not an office which  
required to be in a central locality.

Ald. Fraser thought that a week's delay  
would be advisable, inasmuch as a site might  
be procured on 9th or 10th streets at a nomi-  
nal figure.

Ald. Sitou said it would not be fair to the  
contractor as he had contracted with the im-  
pression that the work was to be proceeded  
with at once.

Ald. Sitou did not object to have the mat-  
ter laid over.

Ald. Angus did not care where the build-  
ing was located, but he thought it unfair to  
the contractor to make any further delay, as  
the season was already far advanced.

It was then moved in amendment and  
carried, that the matter of selecting the site  
be deferred for a week.

**METROLOGICAL.**

From the Oak Lake Observa-  
tory.

The following is the meteorological report for  
the week ending Sept. 16th, 1883.

BAROMETER reduced to sea level.

Highest..... 29.969 inches.

Lowest..... 29.441 "

Mean..... 29.729 "

TEMPERATURE.

Highest..... 79.4 °

Lowest..... 36.4 "

Mean..... 59.1 "

WIND.

Greatest velocity..... 21.9 miles per hour.

Lowest velocity..... 2.0 " "

Mean velocity..... 9.9 " "

PHENOMENA—2 lunar coronas, 2 thunder-  
storms and 1 aurora.

RAIN—Rain fell on 2 days during 3.5 hours  
and to a total depth of 0.43 inches.

REMARKS—The week commenced with a  
falling barometer and gloomy weather, follow-  
ed by a thunderstorm and rain; pressure  
continuing to decrease on the 10th, 11th and  
12th, when the lowest point was reached, the  
weather being hazy and dull, and the tempera-  
ture high; rather a heavy thunderstorm  
followed the depression on the 12th. Barom-  
etric pressure then rapidly increased and  
the weather cleared, there being, however, a  
slight depression on the 14th, a strong wind  
being the result; pressure then continued to  
increase quickly, and the high barometer at  
the end of the week lowered the temperature  
very considerably.

Up to this time the crops, including to-  
matos, pumpkins, &c., in the neighborhood  
of Oak Lake, have not in any way been  
damaged by the frost.

W. G. KNIGHT.

**ABANDONED.**

WINNIPEG, Sept. 18.—The proposition to  
build a fine block of buildings on the site of  
Knorr church has been abandoned for this  
season.

## The Brandon Daily Mail.

TUESDAY, SEPTEMBER 17, 1889.

## SALUTATORY.

Having purchased the MAIL newspaper and job office, we now make our bow to the people of Brandon and vicinity. We do not consider it necessary—now that the paper since its resuscitation has reflected our views in many particulars—to trouble the public with any long introduction—a few words must suffice. Having had a journalistic experience covering the last fourteen years, the latter two of which we spent on the TRIBUNE of Portage la Prairie, we ought to have a general conception of what is necessary, in our present responsibility, and we will endeavor to meet the necessities to the best of our ability.

In politics the MAIL will remain a supporter of the present Federal Government, with a free and untrammelled criticism of all its measures. The measures of the Local Government, we will, however, deal with on their merits simply and alone. Our main object will be to make the MAIL a newspaper in all that the word implies, paying particular attention to Manitoba matters in general and to those of this vicinity in particular. On no account will our columns become the property of any clique or party, but they will at all times be open to the advocacy of general public interests. The general public good will absorb a large portion of our editorial attention, and we freely invite correspondence having the same end in view. In the course of a few weeks we will establish correspondents in all parts of the west, and in the most important points of the east of the Province, and in this way we hope to make the paper of local as well as of general interest in all sections of the Province.

We are also making considerable additions to the plant, to better improve our news and jobbing facilities, to make every department of the office equal to the best in the Province. In doing this we hope to merit the patronage of the public, and to give good value for their money in return.

C. CLIFFE.

## COMMERCIAL MATTERS.

In the present state of commercial business there is an evident necessity for some law to provide for the equitable division of insolvent assets. On every hand we hear of favored creditors, very often the wives or other relatives of the insolvents, who secure first judgments and leave the rest of the creditors scrambling for a few remaining effects. It may be that the late insolvent law did not meet the requirements, that it was too expensive for the work to be done, but this is no reason some remedial legislation should not be made available. A law to meet this emergency might go even further and supersede the utility of the self-styled "Commercial Agencies," which are really doing the wholesale trade, whose interests they are chiefly designed to serve, more harm than good. In fact many wholesale dealers and manufacturers consult them as the uncles used to consult their oracles, and direct their credits according to their ratings, which experience teaches, are worse than nonsense, inasmuch as they often occasion serious mischief. Some, who appear to understand the true unweariness of the business, say it is no trouble for subscribers to the publications of these agencies to secure high ratings, but of this we have no positive knowledge, but we know that the ratings in ninety-nine cases out of every hundred are in no way a measure of the financial standing of those for whom they are designed. During the last few months houses have failed in this country, rated at from five to fifty thousand dollars, who have not paid more than from five to fifty cents on their liabilities, and other houses rated as worth nothing at all are pulling through the struggle, and paying all their liabilities in full. This fact alone is full of significance. These agencies can, of course, get a statement of all mortgages, writs, &c., against business houses, but they have nothing but mere supposition or often what is worse, the prejudice of local agents, to aid them in their estimation. In the majority of instances these local agents have business rivals or other neighbors for whom their personal likes and dislikes vary, and this variance will more or less affect the true representation of the party rated.

We think an improvement upon this could be effected by the aid of a simple legislative measure. For instance, if all parties about to commence in commercial business were compelled by law to file with their county court clerks before commencing, a statement certified to under oath of their standing, showing all their effects real and personal and liabilities direct and indirect, with an outline of their business training, the party about to credit would have something to guide them besides mere hearsay. This law might be further useful by compelling all dealers to take stock at least once a year, and report all changes at the time in their business standing, their losses or gains, their increased or decreased effects, and their increased or diminished liabilities. This, in our judgment, is an outline of an improvement that might be made, although it might not well serve the purposes of the mercantile agencies.

Alderman Farley, of Toronto, is trying some very large fish in a very small pan. He alleges that Samuel Nordheimer, president of the Federal Bank, circulated a report that he (Farley) had cleared out to defraud his creditors, and he is now beseeching the courts to award him \$75,000 damages. That is pretty heavy game, we were not aware that Toronto characters generally were held at as high a figure as that, but doubtless Farley's is of extra value because of its being the property of an alderman. We hope that none of our Brandon dignitaries will get on their high horse and figure accordingly.

A Hamilton Grit print raises a war hoop against the Conservatives, on account of their action on a contract in that city begun before the last Commons elections. It appears that the work was an excavation for the foundation for some buildings and work was suspended when the necessary foundation was reached, which happened to be a day or two after the elections were over. The aforesaid Grit print considers the letting and subsequent suspension of the work as a job to catch votes. Of course if it was the Grit party that had that work in hand they would not have stopped when a sufficient depth was reached. To prevent the least semblance of "jobbery," (they fairly kate the word ever since the Fort Francis Locks) they would have dug on until they either struck a sulphur spring in the centre of the earth or the roots of an orange tree on the other side. No, sir, they would have been virtuous and honest throughout.

In the promptitude with which Sir Charles Tupper acted in preventing the British authorities from placing an embargo on the importation of live stock from Canada, he has earned the deepest gratitude of the Canadian people. It appears that one or two animals were found with the mouth disease, and at once the authorities asserted the cattle had been brought in while having the disease, but on tracing up the case Sir Charles found they were perfectly healthy after landing, and only caught the disease some weeks after. The export of cattle from these western provinces to the English market, our largest field of demand promises to grow to large proportions in the near future, and it is of the utmost necessity that the trade should be unrestricted. As yet we have seen but few of the Grit prints that have alluded to Sir Charles services, even as a matter of news, when it ought to be announced in the shape of general satisfaction. This incident alone also proves the necessity for a resident agent in all countries with which we have large commercial dealings.

The Globe has made a frightful mess of itself over this Orange business. Indeed the job which it undertook to convince the Orangemen that they should vote against Sir John, who supported incorporation, and for Mr. Blake who opposed it—might puzzle a harder head than the Deacons'. And all this had to be done, or attempted, without alienating the Catholic Reformers. The experiment was a disastrous failure. The most stupid could see the motive and the inconsistency of the policy adopted. There is a proverb about people who carry water on both shoulders, and that proverb is applicable to an editor who attempts to carry Mr. Anglin on one shoulder and Mr. James Beatty, &c., on the other.

The foregoing is from the Irish Canadian, the organ of the Catholics at Toronto. The fact of the matter is the policy of the Globe could always be summed up in the one word "office," and when that could not be secured by turning one side, the organ always found it convenient to turn the other. During the period from 1850 to 1856, the Globe was the most inveterate enemy the Catholics of this country ever had, and now it is pouring out its wrath upon the Orangemen because it cannot cajole them into the belief that Sir John and the other Conservative leaders in the Commons are opposed to Orange incorporation. It has ever been a difficult task to ride two horses, going in opposite directions, and the Globe is now finding the truth of this, to its own sorrow and regret.

## MONTREAL AND WESTERN LAND COMPANY'S Free Grant &amp; Purchase Lands

## FREE GRANT LANDS.

This company is now prepared to locate any number of settlers on house-lands and pre-emption, and will sell to those who wish to purchase on the most favorable terms.

are disposed of on exactly the same terms as if coming direct from the Government. The Company's lands are in a direct line of a railway now under construction, and are being made as easy of access to the settler as possible. Steamers of the Northwest Navigation Company will run regularly to Strathallan and beyond.

For further particulars apply to MESSRS. DRUMMOND BROS. & CO., or Dundee Block, Winnipeg. GEO. B. FISHER, Agent, Strathallan. A. T. DRUMMOND, Managing Director.

N. B.—Intending settlers will do well to bear in mind that the above company's lands are of the best quality as well as having plenty of wood and water upon them, a good advantage over land now attainable on the line of the C. P. R., and that the outlay in reaching them will be considerably less, also that seed of all kinds can be had at Strathallan on favorable terms from the company.

## TOWN TOPICS

Money to loan on farm and city property.  
Foster & Hooke, insurance agents.This city council has authorized the Board  
of Works to have plans prepared for a hose  
tower for the fire hall at once.The Langham Hotel is now one of the  
best hotels in the Northwest and equal to  
any in Winnipeg. It is fast becoming the  
favorite hotel in Brandon.The Mayor received a telegram from Lieut.  
Governor Aikens today, stating that he  
regretted his inability to accept of the proffered  
hospitality of the citizens of Brandon.SERGEANT CAMPBELL and Policeman Dun-  
can have been granted three days' leave of  
absence so that they may enjoy a holiday the  
same as other Christian people.The following railway committee was ap-  
pointed at the city council last evening: His  
Worship the Mayor, Alds. Smart, Duncan,  
Fraser, Ross, Evans, Sifton and Pilling.The members present at the City Council  
last night were His Worship the Mayor, Alds.  
August, Smart, Duncan, Sifton, Evans, John-  
son, Fraser, Pilling, Cameron and Ross.A board meeting of the Rapid City Cen-  
tral Railway will be held in Rapid City to-  
night to complete arrangements for the im-  
mediate prosecution of construction operations.It is whispered around the city that if the  
aldermen do not get around to fire with more  
promptness than they do to Council  
meetings they will make a "sorry" fire bring-  
ing.Two Manitoba pre-baptists meet in this  
city this evening, when a public meeting  
will be held in the Presbyterian church. A  
large number of ministers arrived to-day to  
attend the meeting.Mr. C. WISNER has for investment \$10,000  
private funds on choice improved syndicate  
lands, and an unlimited sum of loan compa-  
nies money on ordinary farm and city property  
at lowest current rates.SERGEANT CAMPBELL and Policeman Dun-  
can are going in the country for a few days on  
a shooting expedition and Alderman Pilling  
wants the city to engage a man to go and  
take care of them as he is afraid they will  
shoot themselves.Mr. C. WISNER has removed his office to  
the Brandon House, corner of Pacific Avenue  
and 6th street, where he will be prepared to  
loan money and effect fire and life insurance  
as heretofore. A commodious private office,  
and all business will be strictly confidential.Mr. C. WISNER has leased the Boarding  
department of the Brandon House. First-  
class board and good beds at moderate charges  
will be the rule. The house is large and con-  
tains comfortable rooms. Mr. WISNER solicits  
the patronage of travellers, farmers and also  
weekly boarders. Give the house a trial.A GENTLEMAN who is well informed on  
such matters says that a good fire alarm ser-  
vice of six boxes and three miles of wire can  
be erected in this city for \$500. Six boxes  
are all that are required for Brandon at present,  
and the city council should give the matter  
their prompt consideration.

## NOBLE FIRE-FIGHTERS.

The City Aldermen Form  
Themselves Into a Bri-  
gadeAt the City Council last night Ald. Sifton  
asked the Mayor what was going to be done  
about the fire brigade now that the members  
have been suspended.His Worship replied that the City Council  
had better form themselves into a brigade in  
the meantime.This proposition was cheerfully assented to  
by all the aldermen.After the adjournment of the council the  
members formed themselves into a committee  
and proceeded to organize themselves into a  
nucleus of a fire brigade, and a supplement-  
ary list was placed in the hands of the police  
who will endeavor to obtain signatures for the  
new brigade.

## THE CEMETERY.

The Selection of the Site again  
Deferred.The Cemetery Committee submitted the  
following report to the council last night:Your Committee on Cemetery beg to re-  
port having met for the purpose of consider-  
ing the offers made for lands for a cemetery  
site, and after due and careful deliberation  
and personal inspection of the properties of-  
fered, do now recommend the purchase of 50  
acres of the south-east corner of south-west  
quarter section 2, 10, 19, from Mr. W. D.  
Matheson for cemetery site for the sum of  
\$1,500 as per tender here attached.

CHAS. PILLING,

Chairman.

Ald. Smart wanted to know why the com-  
mittee recommended the payment of \$1,500,  
when Mr. Matheson had told him he would  
take \$1,200 for the site.Ald. Pilling had heard nothing of the offer  
for \$1,200.Ald. Sifton was not in favor of the location  
it would be impossible to reach it during  
winter.Ald. Evans thought it advisable to deter-  
mine the matter for one week and allow the whole  
council to examine the location.Ald. Ross objected to the site on account of  
the distance from the city and in respect to  
sanitary. He thought a better site could be  
secured for less money north of the river.Ald. Pilling thought it impossible to find so  
admirable a location. It would cost an enor-  
mous sum to build a road across the river,  
and it was important that a decision should  
be arrived at at once, as the council might be  
asked to remove the bodies from the school  
section on which they were interring. He  
then moved the adoption of the report.Ald. Evans, seconded by Ald. Duncan,  
moved in amendment that the matter be  
ever for one week, with a view of the whole  
council inspecting the site. Carried.Ald. Sifton moved, seconded by Ald. Ross,  
that a strip of ten acres long by five acres  
wide, on the north-west quarter of the south-  
west quarter section, be purchased from Mr.  
Matheson for cemetery purposes. Lost.

## BOARD OF WORKS.

Recommend Several Desir-  
able Improvements.Following is the report presented to the  
council last night by the Board of Works:1. That the tender of W. D. Matheson  
for grading and graveling Assiniboine avenue  
be accepted.2. That the communication of D. H. Rus-  
sell asking for crossing over C. P. R. at 6th  
street be filed, the work having been attend-  
ed to.3. That this Board would recommend that  
a sidewalk be built from the C. P. R. plat-  
form to the south side of Assiniboine avenue  
and a crossing built across the said avenue,  
provided Mr. Russell furnish the lumber for  
the same.4. That the drains from Meredith's store,  
6th street, and also drains from Coombs &  
Stewart's and Masonic building be continued  
to Pacific Avenue in suitable boxes to carry  
the water.5. That the account of T. E. Kelly, \$4.60  
for livery be paid.

G. B. ANGUS,

Chairman.

The report was adopted.

## Another Call.

A congregational meeting of the Presby-  
terian church in this city was held last evening  
when it was decided to call the Rev. J. Dou-  
glas, late of Rapid City to the now vacant pas-  
torate, offering him a salary of \$1,500 a year.  
The decision was unanimous.We are not in a position to say that the  
action of the city council last evening in de-  
termining the cause for force and offering to  
take the hose themselves is wisdom in the  
extreme, especially when the firemen made a  
demand for future services after having done  
so much volunteer work. Of course but a  
sufficient number of suitable men should be  
employed, and they should be paid fair wages  
for work performed. The city aldermen may  
be proficient in handling municipal logic, but  
it is no evidence they will be equally at home  
in handling hooks, ladders and buckets of  
water. We think, too, that the selection of  
other men should be left entirely to the chief  
of the brigade who must be more capable than  
any one else, of judging as to the suitabil-  
ity of men under his command.Rev. D. J. Cameron, Mrs. Cameron, Nel-  
son, W. J. Leadbeater, Mrs. Leadbeater and  
J. G. Leadbeater, of Lethbridge, are stopping at  
the Royal.

## MCLARENS AWARD.

The Council and Committee  
Fail to Come to a Con-  
clusion.The special committee appointed to in-  
vestigate Mr. McLaren's further claim upon the  
city, submitted a voluminous report to the  
Council last evening, in which they set forth  
at length the reasons of there being a differ-  
ence in the figures of the City Engineer and  
Mr. McLaren's engineer, which was owing to  
the different views they took of the value of  
the extra work done. The Committee recom-  
mended Mr. McLaren be paid an addi-  
tional sum of \$1,000 over Mr. Brownlee's  
award.Ald. Angus considered the report unbiased  
and thought the \$1000 should be tendered to  
Mr. McLaren, and he moved, seconded by  
Ald. Pilling that the report be adopted.Ald. Fraser was opposed to the adoption of  
the report. By so doing it would be prima  
facie evidence that the Council considered  
that Mr. McLaren had not received the value  
of his work, and would give him an oppor-  
tunity to bring a clear case against the city.

The motion was put and lost.

## FIRE, WATER, LIGHT

The Resignation of the Fire-  
men Accepted.The committee on fire, water and light  
submitted a report to the council last evening  
recommending that the suspension of J. H.  
Lickinson be made permanent and that he be  
paid off; and that the committee be author-  
ized to employ another caretaker in his stead  
at a salary not to exceed \$40 a month; and  
further in the matter of the petition of the  
fire brigade, which was published in a recent  
issue of the Mail, that the resignation of all  
members whose signatures were attached to  
the petition be accepted, and that they be  
requested to return their firemen's clothing  
at once. Several accounts were also recom-  
mended to be paid.

The report was adopted.

## Mr. Brownlee's Position!

Is Viewed Favorably by the  
Special Committee.The following clause, which will avert the  
injuries which have been cast on Mr.  
Brownlee, city engineer, in regard to his  
award on the McLaren claim, was contained  
in the special committee's report submitted to  
the Council last evening."We would further say that after listen-  
ing to the explanations of our city engineer,  
we believe he was actuated by a desire to save  
the city from the payment of any sum to  
Mr. McLaren, more than the contract com-  
templated, but is of the opinion that as a  
matter of equity the council are justified in  
extending to the contractor more considera-  
tion than perhaps the law would not afford,  
and that there were difficulties that presented  
themselves to the contractor that he could  
not take into consideration in his award, and  
your committee, in consideration of those  
difficulties have taken as favorable a view of  
the position as justice to both parties would  
warrant."

## New By Laws

The by law to raise \$20,000 by debentures  
for bonuses and improvements, received its  
second reading at the Council last night.A by-law fixing polling places and appoint-  
ing returning officers for the voting on the  
\$20,000, received its first reading and was  
passed. The polling takes place on the 12th  
Oct.

## CORRESPONDENCE.

## AN OVER ZEALOUS OFFICER.

To the Editor of the Mail.  
Sir,—There is a by-law prohibiting the  
running at large of breachy cattle that do  
injury to shade trees and gardens which our  
citizens have taken so much pains in plant-  
ing to ornament their residences. Now this  
nuisance has been allowed to run all  
summer to such an extent that the city council  
ought to put it down at once. Yesterday  
morning I saw three cows on 5th street which  
appeared to be wandering away to some  
slosh or other place, and with no one in  
charge of them and when these cows came,  
I am daily bound to take charge of the wander-  
ing property. Your correspondent says I am  
paid 50 cents per head for impounding, but I  
beg to differ with him. I am not paid per  
head. I am paid so much per day, or month,  
by the town, and I don't look after herd boys  
to get their caps or coats. I am paid to look  
after wandering cattle, and wherever I find  
them a certain distance from caretakers, I  
am compelled to drive them to pound; the  
by-law reads to that effect, which stockraisers  
will do well to understand.

Yours, truly

ZEALOUS OFFICER.

The Provincial Legislature and others who  
have been "executing" out west will return  
this afternoon about five o'clock.The S. & K. M. Route By-law  
to be Protected.A MAIL reporter was informed this morn-  
ing that the by-law granting \$55,000 to the  
Souris & Rocky Mountain Railway, which was  
passed at Rapid City last week, is to be pro-  
tested on the grounds of alleged bribery and  
other illegal proceedings. Two members of  
the municipal council are to be the plaintiffs  
in the case.

## Another Railway Project.

A communication from Mr. Clifford Sifton  
a member of the Rounthwaite, Elliott settle-  
ment and Souris City Railway Committee,  
was presented to the council last evening. It  
stated that the committee intended to apply  
for a charter at once, and as the Rapid City  
Central railway had abandoned the idea of  
extending their line into Southern Manitoba,  
asked the council to defer their decision on  
the by-law by which it is proposed to grant  
\$50,000 to that line, and to consider the ad-  
visability of bonusing a line connecting  
Brandon with the vast agricultural country  
in the south to the extent of \$25,000. The  
matter was referred to the railway committee.  
It is thought that no opposition will be given  
to the granting of the charter, and the com-  
mittee, if successful, expect to commence  
early next spring.

## Finance Committee Report.

The finance committee submitted the fol-  
lowing reports last evening:Your committee on finance and assessment  
beg leave to report having had their regular  
meeting this 17th instant, and passed the  
following resolutions, viz:1. That the communication of D. M. Mc-  
Millan, in reference to refunding portion of  
taxes paid by Douglas Herriott be filed.2. That the communication of Poudrier &  
Brownlee in reference to their new map of  
Brandon be filed.3. That the communication of Lawrence  
Buchan, sec-treas. of the Western Judicial  
Board, in reference to the amount required to  
be levied by the city this year for Judicial  
District purposes, be filed for further refer-  
ence.4. That the chamberlain be instructed to  
pay to the secretary-treasurer of the school  
board the amount of school taxes for 1882,  
collected to date.5. That the school board be requested to  
furnish the city with a detailed statement  
showing how the amount required to be levied  
for school purposes for 1883 is made up.6. That the report of the chairman of the  
Board of Works in reference to repair & ex-  
penditure for sidewalks, etc., to the end of  
the present year, be filed for reference.The report also included a number of bills  
which were recommended to be paid.

The report was adopted.

## Personnel.

Mr. A. W. Ross, of Winnipeg, is in the

## A Card of Thanks.

The great financial success, derived from  
our bazaar, imposed on the undersigned, in  
the nature of his congregation, the pleasing  
duty to return to the citizens of Brandon, his  
most sincere thanks for the generous support  
during our fair, and especially to the two great  
hearted gentlemen, Mr. Jones and Mr. Mc-  
Naught, who by lending their good name for our  
charitable purpose, contributed so largely with  
their respective friends and admirers to swell  
the receipts of our bazaar over \$1,000.
